# EDITORIAL

The 3<sup>rd</sup> European Workshop on AMPK is the continuation of very successful biennial series, which has been initiated by Dietbert Neumann (University of Maastricht) in 2013.

With the recent exciting advances in our understanding of the regulation and function of the energy sensor AMP-activated protein kinase (AMPK), it became evident that an European workshop bringing together experts in the field of AMPK was necessary to foster interactions and encourage the sharing of knowledge and data. This biennial European workshop is intended as a complement to the International AMPK meeting held every even-numbered year since 2000.

Following the first two editions in Maastricht, The Netherlands, the 3<sup>rd</sup> edition will take place in the beautiful Mediterranean island of Porquerolles in France, on September 10<sup>th</sup> to 13<sup>th</sup>, 2017.

This Workshop aims to bring together leading experts and young emerging scientists interested in the biology of AMPK.

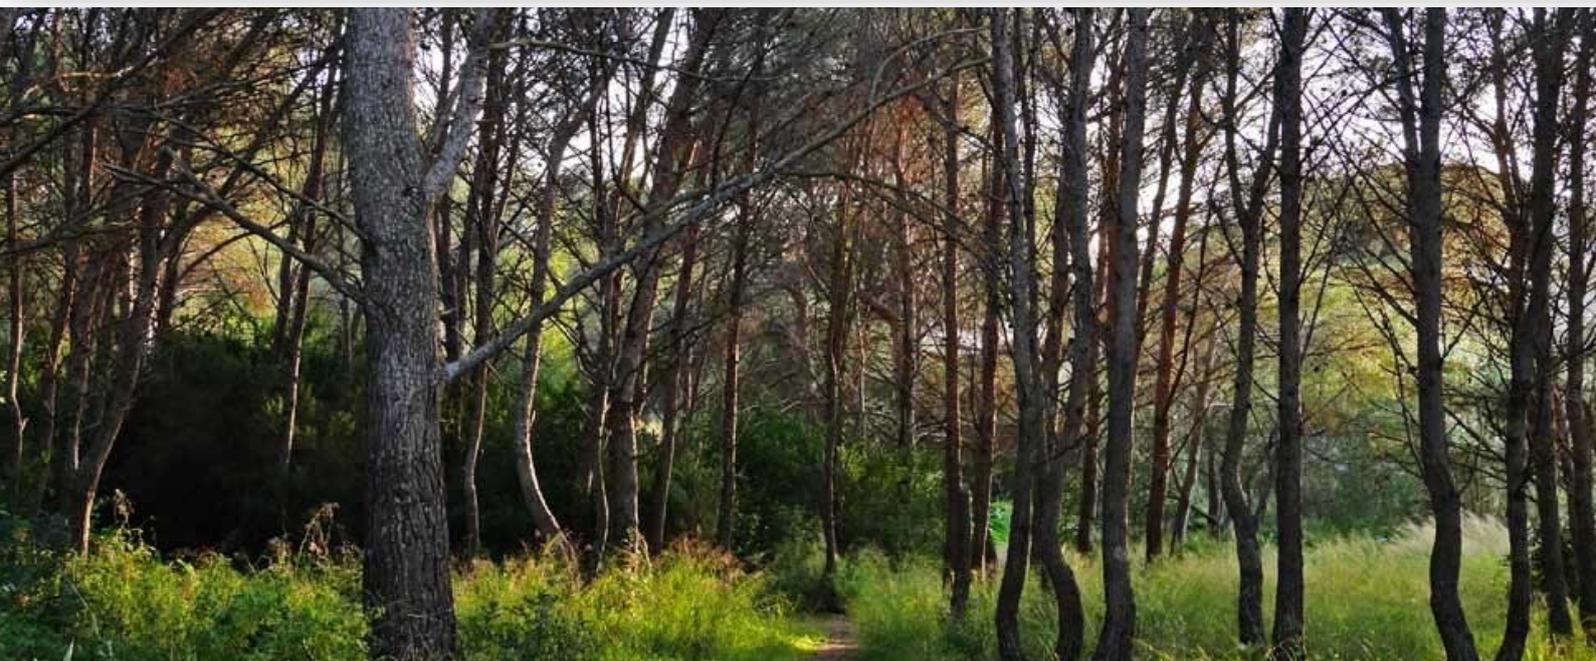

The scientific program will explore cutting-edge aspects of AMPK biology through five original sessions. The program will focus on original and novel questions regarding AMPK, its roles in health and disease, and its potential as a drug target. In the spirit of previous installments, the opportunity will be given to young researchers and investigators to present their ongoing research and recent findings. Plenty of time will be reserved for interactive discussion through poster sessions and social events will allow for more discussions and making new contacts.

# ORGANIZING COMMITTEE

**Julien COURCHET**, Institut NeuroMyoGène, Lyon, France

**Rémi MOUNIER**, Institut NeuroMyoGène, Lyon, France

**Benoit VIOLLET**, Institut Cochin, Paris, France

# PRELIMINARY PROGRAM

## Sunday, September 10<sup>th</sup>

- 16:00 - 19:00: Registration

- 19:30: Dinner

- 20:15: Welcome address

- 20:30 - 21:30: Opening keynote lecture:

**Dietbert Neumann**, University of Maastricht, Maastricht, The Netherlands,

↳ "**AMPK: from a kinase to a field of study**".

## Monday, September 11<sup>th</sup>

- 9:00 - 12:20: Session 1: AMPK functions in tissue homeostasis and regeneration

Lecture by **Louise Deldicque**, Université catholique de Louvain, Louvain-la-Neuve, Belgium,

↳ "**AMPK-dependent and -independent regulation of autophagy in skeletal muscle**".

+ selected talks from the abstracts

- 12:30 -16:00: Lunch + free time

- 16:00 -19:20: Session 2: AMPK in health and disease

Lecture by **Morgan Fullerton**, University of Ottawa, Ottawa, Canada,

↳ "**Macrophage AMPK links cholesterol and lysosomal homeostasis**".

+ selected talks from the abstracts

- 19:20 - 19:30: Group photo

- 19:30 - 20:30: Dinner

- 20:30 - 22:00: Poster session and drinks

# PRELIMINARY PROGRAM

## Tuesday, September 12<sup>th</sup>

- 9:00 - 12:20: Session 3: AMPK as a drug target

Lecture by **Simon Hawley**, University of Dundee, Dundee, UK,

↳ "**Canonical and non-canonical regulation of the AMP-activated protein kinase**".

+ selected talks from the abstracts

- 12:30 - 13:30: Lunch

- 13:30 - 16:50 : Session 4: AMPK related kinases

Lecture by **Julien Courchet**, Institut NeuroMyoGene, Université de Lyon, Villeurbanne, France,

↳ "**AMPK and AMPK-related kinases in cortical axon development**".

+ selected talks from the abstracts

- 17:00 - 19:00: Social event

- 19:00 - 21:00: Gala Dinner

## Wednesday, September 13<sup>th</sup>

- 9:00 - 12:20: Session 5: AMPK: novel directions

Lecture by **Fabienne Andris**, Université Libre de Bruxelles, Gosselies, Belgium,

↳ "**AMPK and control of memory T lymphocyte homeostasis**".

+ selected talks from the abstracts

- 12:30: lunch box & return to the mainland

# GENERAL INFORMATION

## Congress Venue

The conference will take place on the island of Porquerolles, on the coast of the French Riviera. Porquerolles is the largest of the Islands of Hyeres, just minutes from the city of Toulon.

The island was classified National Park by the French government and belongs to a marine natural reserve.

The village of Porquerolles is a quiet, typical Mediterranean village.

The conference will be hosted by the Igesa center, just minutes from the center of the village, the harbor, and the beach.

**Address:** I.G.E.S.A Centre de Loisirs Sportifs des Armées  
Rue de la Douane, Ile Porquerolles, 83400 HYERES

## Access to Porquerolles

### Ferry Toulon - Porquerolles

Passage to Porquerolles is exclusively by sea. The trip lasts 40 minutes. A conference boat will leave Toulon Harbour on September 10<sup>th</sup>, 2016 at 4:00 pm to Porquerolles Harbour.

There are no airports on the island and motor vehicles are strictly prohibited.

The principal form of transportation is the bicycle.

The IGESA Center, which hosts the workshop, is 200 meters away from Porquerolles harbour.

### By plane

We will rent a shuttle from Marseille Provence airport to Toulon Harbour.

### By train

From Toulon train station, take either a bus or a taxi or you can walk to the Toulon harbour. From the harbour, take the conference boat to Porquerolles island.

**A technical folder specially made for the sponsors of AMPK 2017 will be send 1 month before the manifestation. They will find in it all the information needed to prepare the installation during the congress.**
