

Session 04
Tuesday 4th / 14:00 - 15:30

15 minutes presentation + 5 minutes for questions

Chair: Dr J. Mancini

Methodological issues

AMPHI B - CIER	Abstract book number	Submission number	Surname	Name	Title
	04A1	A8703	Marij	HILLEN	Tolerance of uncertainty: conceptual analysis, integrative model, and implications for healthcare
04A2	A8746	Gary	GROOT	A Realist Synthesis of the Shared Decision Making Literature	
04A3	A8799	France	LEGARE	Interventions for improving shared decision making among healthcare professionals (a Cochrane review update)	

Chair: Pr L. Trevena

SDM and decision aids

ROOM 106 - CIER	Abstract book number	Submission number	Surname	Name	Title
	04B1	A8773	Derick	JONES	Shared Decision Making for Diagnostic Testing, A Systematic Review and Meta-analysis
04B2	A8813	Michelle	DANNENBERG	Trustworthy Patient Decision Aids: A Qualitative Analysis Addressing the Risk of Competing Interests	
04B3	A8814	Gabriel	BILODEAU	A study on best practices to adapt the health literacy demands of decision aids to seniors with dementia and their caregivers	
04B4	A8760	Georgina	PHILLIPS	A Systematic Review of End-Of-Life Decision Aids and Their Ability to Address the Decision-Making Needs of Key Stakeholders.	

Chair: Dr M.AM Durand

Measuring SDM

ROOM 107 - CIER	Abstract book number	Submission number	Surname	Name	Title
	04C1	A8738	Gabrielle	STEVENS	Measuring Patient Experiences of Integration in Health Care Delivery: The Psychometric Properties of IntegRATE
04C2	A8797	Julien	MANCINI	First validation of the French version of CollaboRATE: a patient reported measure of shared decision-making process	
04C3	A8856	Marleen	KUNNEMAN	Measuring shared decision making: A content review of observer-based coding schemes	
04C4	A8689	Fania	GÄRTNER	The measurement quality of existing SDM-process instruments: need for more evidence and time for improvement	

Chair: Dr J. Jansen

SDM and person-centered care

ROOM Salle de Conférence Médiathèque Paul Zech	Abstract book number	Submission number	Surname	Name	Title
	04D1	A8839	Despina	ANAGNOSTOU	How Do Multidisciplinary Teams Make Decisions about Treatment in Advanced Lung Cancer; Findings from the PACT Study
04D2	A8598	Orit	KARNIELI-MILLER	When Talking About Decision Making Comes Too Early: Is Shared Decision Making Possible in Breaking Bad News Encounters?	
04D3	A8614	Talya	MIRON-SHATZ	Tailoring Risk Communication to Improve Comprehension: Do PATient Preferences Help or Hurt?	
04D4	A8816	Holly	WITTEMAN	What works to help people make values-congruent decisions? Eleven strategies tested across a series of six experiments	
04D5	A8573	Tammy	HOFFMANN	Clinician's expectation of benefits and harms of health interventions : implications for shared decision making	

Chair: Pr M. Barry

SDM and breast cancer screening

ROOM SALLE DU CONSEIL	Abstract book number	Submission number	Surname	Name	Title
	04E1	A8660	David	MILLER	The effect of a mobile health patient decision aid (mPATH-CRC) on colorectal cancer screening decision-making
04E2	A8848	Robert	VOLK	Randomized Trial of a Patient-Centered Decision Aid about Lung Cancer Screening: Characteristics of Participating Smokers	
04E3	A Jonathan SicSic	Jonathan	SICSIC	Women's preferences for and trade-offs between benefits and harms in breast cancer screening. A discrete choice experiment in France	
04E4	A8774	Jolyn	HERSCH	How Information About Overdetection Changes Breast Screening Decisions: Mediation Analysis Within a Randomised Controlled Trial	
04E5	A8775	Jolyn	HERSCH	2-Year Follow-Up in a Breast Screening Decision Aid RCT: Retention of Overdetection Knowledge and Other Decision Making Effects
